We should repeal the 3-year, 10-year and permanent bars, which often force persons in mixed status [illegal alien-American children] families into ... either pursuing a green card ... or remaining in the shadows. We will support efforts by states to make DREAMers [those affected by the executive order called Development, Relief, and Education for Alien Minors] eligible for driver's licenses and in-state college tuition.

We will challenge and dismantle the structures that define lasting racial, economic, political, and social inequity. Democrats support removing the Confederate battle flag from public properties ... [and] ... will push for a societal transformation to make it clear that black lives matter and that there is no place for racism in our country. Democrats applaud last year's decision by the Supreme Court that recognized that LGBT people ... have the right to marry.... We will ... ensure America's foreign policy is inclusive of LGBT people around the world. We will support sexual and reproductive health and rights around the globe.

America's immigration policy must serve the national interest of the United States, and the interests of American workers must be protected over the claims of foreign nationals seeking the same jobs. The Department of Homeland Security must use its authority to keep dangerous aliens off our streets and to expedite expulsion of criminal aliens.... We support stiffer penalties ... for any illegal alien who illegally re-enters our nation after already having been deported.

Traditional marriage and family, based on marriage between one man and one woman, is the foundation for a free society.... We endorse ... bar[ring] government discrimination against individuals and businesses for acting on the belief that marriage is the union of one man and one woman ... protect[ing] the non-profit tax status of faith-based adoption agencies, the accreditation of religious educational institutions, the grants and contracts of faith-based charities and small businesses, and the licensing of religious professions.

We believe ... that every woman should have access to quality reproductive health care services, including safe and legal abortion.... We will continue to stand up to Republican efforts to defund Planned Parenthood.... We will ... seek to overturn federal and state laws and policies that impede a woman's access to abortion, including by repealing the Hyde Amendment.

Democrats are unified in their strong belief that every student should be able to go to college debt-free, and working families should not have to pay any tuition to go to public colleges and universities. We will also make community college free ... Democrats oppose for-profit charter schools focused on making a profit off of public resources.

We will keep fighting until the ACA's [Obamacare] Medicaid expansion has been adopted in every state.

We will continue to work toward a two-state solution of the Israeli-Palestinian conflict negotiated directly by the parties that guarantees Israel's future as a secure and democratic Jewish state with recognized borders and provides the Palestinians with independence, sovereignty, and dignity.

We support a human life amendment to the Constitution and legislation to make clear that the Fourteenth Amendment's protections apply to children before birth. American taxpayers should not be forced to fund abortion.

We [declare] opposition to the imposition of national standards and assessments.... We support options for learning, including home-schooling ... private or parochial schools, magnet schools, charter schools, online learning, and early-college high schools. We renew our call for replacing "family planning" programs for teens with sexual risk avoidance education that sets abstinence until marriage as the responsible and respected standard of behavior.

Any honest agenda for improving healthcare must start with repeal of the ... Affordable Care Act of 2010: Obamacare.... It must be removed and replaced with an approach based on genuine competition, patient choice, excellent care, wellness, and timely access to treatment. We support the ability of all organizations to provide, purchase, or enroll in healthcare coverage consistent with their religious, moral, or ethical convictions.

... it is the responsibility of our government to advance policies that reflect Americans' strong desire for a relationship with no daylight between America and Israel.... We call for the American embassy to be moved [to Jerusalem] in fulfillment of U.S. law.
